Snowboarding should feel like play!
Pair your MDXONE harness with our cuddly Yeti Plush toys to turn every lesson into an adventure. From storytime to the slopes, kids connect with their favorite characters while building skills & confidence.

A child is sitting in the snow, wearing a pink helmet, a light purple hooded sweatshirt, and a white jacket with a colorful leopard print. They are holding a pink stuffed yeti that is wearing a pink bikini and orange boots. A snowboard with the brand name 'STON' and 'MDX & ONE' is visible in the foreground. The background shows a snowy landscape with trees.

WHO WE ARE:

A Canadian Company established in 2013, creating the one & only true Snowboard Specific Harness in the world. We are quickly making our mark in showing parents that if your child can walk, they can ride!

Created by a Snowboarder, Instructor and a Father who put his love of Snowboarding & the desire to safely teach his own child to Snowboard into the product, the outcome now spreading globally! Used by Snow schools, Instructors, Pros and parents word wide, no need to leave your youngest behind, get out to the slopes with the entire family.

Proudly supported by The Canadian Association of Snowboard Instructors (CAI), Canada Snowboard & BURTON SNOWBOARDS.

Distributors in Europe, China & South Korea, direct in Canada & USA
